## New Meeting Place for Stereo Division

The next meeting will take place Monday September 21st at a new meeting place arranged by President Ballou: the Hacienda de los Flores in Moraga, CA. It is located at 2100 Donald Drive, less than a mile from the previous meeting place. See map, next page.

When you arrive, drive through the gate, and continue until you see a rambling building on your left. Park anywhere (except the handicap spots), and enter the building through the double doors. Turn left and go down the hallway, turn right, and look for the Mosaic Room on your left.

Send four general interest digital images for projection and bring up to four general interest cards. Please email digital images at least a day in advance to [jballou@comcast.net](mailto:jballou@comcast.net), or let John know if you will be bringing slides for projection.

Format for digital images: two images side by side in one file, with left on the left. The combined file should be 800 pixels high and up to 2560 wide. Make sure the width of the image is an even number, or there will be one column of pixels from the other image on one of the images.

Naming convention:

1st Character: A or B (group) or C (clinic)  
 2nd Character: 1, 2, 3 or 4 (number of entry)  
 3rd Character: Since this is the 9th month, the 9th character in your last name, wrapping around to the beginning if necessary.  
 The rest of the file name should be the title.

This month we will also have a "clinic," at which there will be general discussion of stereo photographic techniques. Bring up to four cards or

digital images you would like critiqued by other club members.

## August Stereo Division Meeting

Shirley Nootbaar served as judge.

Group B projected

- 1st *Too Many Lines* by Melinda Green
- 2nd *Flower Farm, Watsonville, CA*  
by Jim Johnston
