

Fundraiser Success

Our November 14, 2020 fundraising Zoom presentation of *Andrew J. Russell and the Westward Expansion in 3-D* was well attended and raised \$214.66. Not bad! Now that the online format has been established, we'll continue to offer this presentation to clubs, museums, organizations, etc.

We also gained a valuable email list, with opt-in requests for monthly meeting requests, along with a few new faces at our November 23rd meeting.

A link to share the recorded Zoom presentation is listed on ggstereo.org/russell-info.

2021 Special Competition Subject Poll

It seems like yesterday that we last performed this exercise. Please select up to ten Special Competition subjects for 2021 by Monday, November 30, 2020:

strawpoll.me/35199428

We'll pick from the most popular at our January 2021 meeting. Subjects missing from this poll can be suggested at the meeting.

ggstereo.org Emails

Emails from ggstereo.org are too often flagged as spam, so meeting reminders and announcements are now sent from the event promotion service Eventbrite. Eventbrite is no cost for free events like ours, and effectively promoted our November Zoom fundraiser.

Upcoming Meetings

Dates

Monday, November 30, 2020
November meeting, part II

No meeting in December.
Happy Holidays!

Monday, January 25, 2021

Honorable Mention
Starlink
Melinda Green

About the Golden Gate Stereoscopic Society

Stereo photography — 3-D photography — is the marvelous craft of making pictures with the illusion of depth.

The Golden Gate Stereoscopic Society is the San Francisco / Bay Area's club for stereo photography enthusiasts. Join us at a monthly meeting to learn about the art of stereo photography and experience fantastic stereo slideshows.

The Golden Gate Stereoscopic Society was founded in 1934, and endures today as a dedicated group of stereo photography hobbyists. We are a member of the Photographic Society of America, and are recognized as a 501(c)(3) non-profit organization. Our mission is to encourage and promote the art of stereo photography through the support of our community and outreach to the public.
