

Apologies for this month's late publication, I've been under the weather. Onward to 2021!

Image of the Year 2020

Thank you Jay Kusnetz and Melinda Green for managing the 2020 Image of the Year competition. Like most of 2020's competitions, this IOY competition was held online and calculated by our scoring spreadsheet.

Congratulations Melinda Green, whose Car Repair is the GGSS's top stereo photo of 2020! Enjoy all top 2020 selections at ggstereo.org/gallery/2020-image-of-the-year

2021 Special Competition Calendar

After much discussion, our [2021 Special Competition Calendar](#) has been posted. The schedule may change as quarantines are lifted and field trips & in-person meetings are restored.

StereoPix ROOMS

StereoPix ROOMS is a technology that's optimized for online stereo slideshows. StereoPix allows a choice between formats - parallel, crossview, anaglyph, and more.

StereoPIX ROOMS won't replace our other methods for sharing slideshows online. Slideshow files will still be made available for download, and images will continue to be posted on the ggstereo.org web site meeting pages. Jay is working hard to improve our virtual competitions and is working closely with the author of this software to customize it for our needs.

Cascade Stereoscopic Club

Portland's longstanding stereo camera club has also been meeting virtually on the fourth Monday of each month, likely splitting the number of guests we host between the two meetings. This could also be an opportunity for collaboration. Watch this space for updates.

Upcoming Meetings

Dates

Monday, February 1, 2021
January meeting, part II

Monday, February 22, 2021
February Meeting

Time

7:00pm - 9:00 PM

About the Golden Gate Stereoscopic Society

Stereo photography — 3-D photography — is the marvelous craft of making pictures with the illusion of depth.

The Golden Gate Stereoscopic Society is the San Francisco / Bay Area's club for stereo photography enthusiasts. Join us at a monthly meeting to learn about the art of stereo photography and experience fantastic stereo slideshows.

The Golden Gate Stereoscopic Society was founded in 1934, and endures today as a dedicated group of stereo photography hobbyists. We are a member of the Photographic Society of America, and are recognized as a 501(c)(3) non-profit organization. Our mission is to encourage and promote the art of stereo photography through the support of our community and outreach to the public.
